

CONTENTS VOLUME 134

Issue 1

HUMAN AND ANIMAL MYCOLOGY

- Re-expression by *Candida albicans* germ tubes of antigens lost during subculture of blastospores – F.L. Hernando, E. Calvo, J.A. Rodriguez, P.L. Barea, A. Rementeria, M.J. Sevilla & J. Ponton 1-6
- Experimental *Absidia corymbifera* infection in rabbits: Clinicopathological studies – M.P.S. Sodhi, R.N.S. Khanna, J.R. Sadana & P. Chand 7-11
- Common and form-specific well wall antigens of *Candida albicans* as released by chemical and enzymatic treatments – J.L. López-Ribot, M. Casanova, M.L. Gil, J.P. Martinez 13-20

PLANT MYCOLOGY AND CROP PROTECTION

- Fungi associated with storage rots of cocoyams (*Colocasia* spp.) in Nsukka, Nigeria – J.O. Ugwanyi & J.A.N. Obeta 21-25

MYCOTOXICOSES AND MYCOTOXINS

- In situ* absorption of aflatoxins in rat small intestine – A.J. Ramos & E. Hernández 27-30
- Variation in 8-ketotrichothecenes and zearalenone production by *Fusarium graminearum* isolates from corn and barley in Korea – J-A. Seo, J-C. Kim, D-H. Lee & Y-W. Lee 31-32
- IMI Descriptions of Fungi and Bacteria Set 128 39-60

Issue 2

HUMAN AND ANIMAL MYCOLOGY

- Cryptococcus neoformans* var. *gattii* among patients with cryptococcal meningitis in Mexico. First observations – R. López-Martínez, J.L. Soto-Hernández, L. Ostrosky-Zeichner, L. Rocio Castañón-Olivares, V. Angeles-Morales & J. Sotelo 61-64

- The utility of mitochondrial DNA restriction analysis in the classification of strains of *Chrysosporium* (hyphomycetes) – J. Cano, J.M. Guillemon, P. Vidal, J. Guarro 65–69
- Skin and serum reactivity among humans to histoplasmin in the vicinity of a natural focus of *Histoplasma capsulatum* var. *duboisii* – F.A. Muotoe-Okafor, H.C. Gugnai & A. Gugnai 71–74
- Candida* biotypes in patients with oral leukoplakia and lichen planus – V. Lipperheide, G. Quindós, Y. Jiménez, J. Pontón, J.V. Bagán-Sebastián, J.M. Aguirre 75–82

PLANT MYCOLOGY AND CROP PROTECTION

- Growth and mycelial strand production of *Rigidoporus lignosus* with various nitrogen and carbon sources – T. Richard & B. Botton 83–89
- Filamentous microfungi in raw flax and cotton for textile industry and their ciliostatic activity on tracheal organ cultures *in vitro* – E. Piecková & Z. Jesenská 91–96

MYCOTOXICOSES AND MYCOTOXINS

- Transformation of the mycotoxin ochratoxin A in plants. 2. Time course and rates of degradation and metabolite production in cell-suspension cultures of different crop plants – M. Ruhland, G. Engelhardt & P.R. Wallnöfer 97–102
- Citrinin, ochratoxin A and iron. Possible implications for their biological function and induction of nephropathy – F.C. Størmer, E.A. Høiby 103–107
- High incidence of *Aspergillus flavus* and aflatoxins in stored groundnut in Ghana and the use of a microbial assay to assess the inhibitory effects of plant extracts on aflatoxin synthesis – R.T. Awuah, K.A. Kpodo 109–114

Issue 3

HUMAN AND ANIMAL MYCOLOGY

- Synergy of human neutrophils with fluconazole in killing *Candida* species – E. Brummer & D.A. Stevens 115–120
- Phylogeny of *Epidermophyton floccosum* and other dermatophytes – M. Kawasaki, M. Aoki, H. Ishizaki, K. Nishimura & M. Miyaji 121–128
- Isolation of fungi from the pelage of cats and dogs using the hairbrush technique – M.F. Simpanya & M. Baxter 129–133

- Pseudotumoral presentation of chronic pulmonary paracoccidioidomycosis: Report of a case – J.W.A. dos Santos, C.F. Andrade, T.S. de Araújo Lopes, A.T. Londero 135–136

PLANT MYCOLOGY AND CROP PROTECTION

- Effects of the infection of toxigenic fungi and an antagonistic *Streptomyces* strain on wheat spikes – C.L. Fulgueira, A.L. Borghi, M.A. Gattuso & O. Di Sapia 137–142
- Comparative ultrastructure of aecial and telial infections of the autoecious rust fungus *Puccinia tuyutensis* – Z.A.M. Baka 143–150
- Identification and characterization of bacterial endophytes of rice – K. Mukhopadhyay, N.K. Garrison, D.M. Hinton, C.W. Bacon, G.S. Khush, H.D. Peck, & N. Datta 151–160

MYCOTOXICOSES AND MYCOTOXINS

- Developmental effects of fumonisin B₁ in mice – R.V. Reddy, G. Johnson, G.E. Rottinghaus, S.W. Casteel & C.S. Reddy 161–166
- Natural occurrence of gliotxin in turkeys infected with *Aspergillus fumigatus*, Fresenius – J.L. Richard, T.J. Dvorak & P.F. Ross 167–170
- Immunochemical detection of ochratoxin A in black *Aspergillus* strains – J. Téren, J. Varga, Z. Hamari, E. Rinyu & F. Kevei 171–176
- Book review 177–178
- Volume contents 179–181
- List of contributors 183

LIST OF CONTRIBUTORS VOLUME 134

- Aguirre, J.M., 75
 Andrade, C.F., 135
 Angeles-Morales, V., 61
 Aoki, M., 121
 Awuah, R.T., 109

 Bacon, C.W., 151
 Bagán-Sebastián, J.V., 75
 Baka, Z.A.M., 143
 Barea, P.L., 1
 Baxter, M., 129
 Borghi, A.L., 137
 Botton, B., 83
 Brummer, E., 115
 Brummer, E., 115

 Calvo, E., 1
 Cano, J., 65
 Casanova, M., 13
 Casteel, S.W., 161
 Chand, P., 7
